BATTERY REPLACEMENT

When your watch's display becomes dim or no display, it is time to replace a new 3V CR2025 or equivalent battery, then use metal tweezers to contact "RESET (RST)" point quickly, the display will return to time mode, please readjust the time and calendar.
The battery should be replaced by trained personnel to avoid damages.

CAUTION

Depending on the colour of the strap, it may change if exposed under the sun for a long time. Please store your watch carefully and avoid prolonged exposure under the sun.

WARNING

By using this or any other o.d.m. timepieces, it is fully understood that the timepiece contains small removable and non-removable parts that could become a CHOKING HAZARD. It is not intended for children under 6 years of age.
