Flip the watch to enter the Month Setting mode, and flip the watch again will enter Date Setting mode. All the setting method is same as the Year digits setting. Flip the watch once again to complete the setting and return to the Calendar mode.

If no button is pressed for 30 seconds in the Setting mode, all the setting value will not be saved and it will return to the Scrolling Message mode.

SCROLLING MESSAGE SETTING

The message can be changed by an exclusive device, which is available for sale at o.d.m. retailers. Alternatively contact your nearest o.d.m. distributor for the service.

BATTERY REPLACEMENT

When the display becomes dim or the scrolling message stops operating properly, it's time to replace a new CR2025 or equivalent battery. Please ask professional service center to replace the battery.

1. Replace the case set from the watch.
2. Unscrew four screws from caseback.
3. Pull out the battery clip.
4. Replace a new CR2025 or equivalent battery with positive electrode polarity (+) facing up.
5. Time Setting is required after battery replacement.

When the watch is not in use, please place it horizontally (see figure on right) for battery saving purpose.
